Education

Virginia Polytechnic Institute and State University, Blacksburg, VA, USA

Ph.D., Economics (ABD), National Science Foundation Doctoral Dissertation Enhancement Grant, “Experiments in Location Games,” Supervisor: Catherine C. Eckel.

M.A., Economics.

B.S., Economics–Business, The R.B. Pamplin College of Business.

Case Western Reserve University, Cleveland, OH, USA

Undergraduate coursework, Engineering.

Fields

Spatial Economics, Experimental Economics, Industrial Organization.

Employment

Lead Economist, The MITRE Corporation, McLean, Va., 2016 - 2025.

Senior Economist, The MITRE Corporation, McLean, Va., 2006 - 2016.

Economist, Federal Aviation Administration, U.S. Department of Transportation, Washington, D.C., 2002 - 2006.

Adjunct Professor, Dept. of Business and Economics, The Catholic University of America, Washington, D.C., 2000 - 2001.

Research Assistant, Laboratory for the Study of Human Thought and Action, VPI&SU, Blacksburg, Va., 2000.

Website Developer and Manager, Laboratory for the Study of Human Thought and Action, VPI&SU, Blacksburg, Va., 1999 - 2000.

Website Developer and Manager, Men's and Women's Track & Field, Virginia Tech Athletic Department, Blacksburg, Va., 1997 - 2000.

Teaching Assistant, Department of Economics, VPI&SU, Blacksburg, Va., 1999 - 2000.

Website Developer and Manager, Department of Economics, VPI&SU, Blacksburg, Va., 1996 - 2000.

Online Content Editor for Joseph Stiglitz, "Principles of Economics" textbook online materials: "StigWeb" Study Guide and Instructor's Resource Manual, W.W. Norton & Company, New York, N.Y., 1996 - 1998.

Adjunct Professor, Department of Economics, Florida Atlantic University, Boca Raton, Fl., 1994.

Visiting Assistant Professor, Department of Economics, Florida Atlantic University, Boca Raton, Fl., 1993 - 1994.

Instructor, Department of Economics, VPI&SU, Blacksburg, Va., 1989 - 1991.

Teaching/Research Assistant, Department of Economics, VPI&SU, Blacksburg, Va., 1987 - 1989.

Teaching Experience

Advanced Industrial Organization (graduate level) at Florida Atlantic University.

Microcomputer Applications in Business (graduate level) at Catholic University of America.

Intermediate Microeconomic Theory at Florida Atlantic University.

Principles of Microeconomics at VPI&SU and Florida Atlantic University.

Principles of Macroeconomics at VPI&SU and Florida Atlantic University.

Fundamentals of Economics at Catholic University of America.

Papers and Reports

This is a select list of major projects, studies, and corresponding technical reports and deliverables led and supported while at MITRE and FAA. Many of these reports and documents are delivered to the supporting agency organization and do not have a publicly-released document.

1. "Enterprise Network Management Modernization" (with D. Donella), for HSS OCIO,

May 2025.

2. “NIA Data Governance Strategy” (with K. Littlefield), for NIH, May 2025.
3. “NIA Data Repository Management and Sharing” (With R. Huseland), for NIH, April 2025.
4. “Aviation Safety Information Analysis and Sharing (ASIAS) System 3.0 Modernization Cost and Benefits Analysis (with H. Chau and M. Vardanian), for FAA, April 2025.
5. “NIA Cost Recovery Model” (with R. Dorr), for NIH, March 2025.
6. DHS I&A Mission Services technical document (with L. Nolte and M. Vardanian), December 2024.
7. “Business Case Analysis (BCA) for a Private 5G Network on the National Mall (with R.J. Barron and D.K. Sarkhel), for DHS JWPMB, October 2024.
8. Evolve IDIQ acquisition program for IT services (with D. Donella, P.W. DeAgro, T.J. Czernik, and C. Gravatt), for Dept. of State, August 2024.
9. “Investment Value Management Framework (IVMF) for a Modular Open Systems Approach (MOSA) for the F-35 Program” (with D. Crawford and M. Greisbach), for the F-35 Joint Program Office (JPO), April 2024.
10. “Army Network IT Workforce Capability Portfolio Review (CPR) External Assessment,” MITRE technical report, November 2022.
11. “COVID Test Profitability” (with T. Williams) for the White House Office, April 2022.
12. “Portfolio Analysis of Cross Mission Ground (ECX) and Tactical Command and Control (C2) Capabilities (with J. Bui, E.S. Goyette, and T. Williams), for USSF Space Systems Command, December 2022.
13. “Impact of COVID-19 on Business Air Travel Demand” (with S. Tsao and S. Welman), for FAA, September 2021.
14. Vehicle Protection Suite Study for U.S. Army Futures Command (with C. Dobbs), July 2021.
15. “Slot-Constrained Major Airport Schedule Restriction Slot Management Analysis” (with C. Berman) for FAA, March 2021.
16. “The Economic Importance of Adequate Aeronautical Telemetry Spectrum” (with C. Kahn) for the National Telecommunications and Information Association (NTIA), October 2019.
17. “Integrated Food Safety System (IFSS) Portfolio Analysis and ROI,” for FDA Office of Regulatory Affairs (ORA), March 2017.

18. "Army IT NETCOM Technical Services Catalog and NEC Regionalization Cost-Benefit Analysis" (with K.S. Buck and M. Samuels), November 2020.
19. "*fleet*Forecaster System Documentation, Version 1.2" (with R. Johnson, C.J. Mosier, M.E. Pollack, G.H. Solomos, J.L. Stein, and S. Tsao) for FAA, MITRE Product #15051R2, September 2016.
20. "*fleet*Forecaster2015 Forecast" (with R. Johnson) for FAA, MITRE Product #F093-B15-2, March 2015.
21. "NETCOM Performance Management Dashboard and VOC Capability: Programming Requirements Document" (with T. Asfaw, K.S. Buck, A.K. Gyekye, R.L. Robertson, and M.S. Sullivan) for Army, MITRE Technical Report #150008, October 2014.
22. "Army NETCOM Performance Management Dashboard: Performance Characteristics, Standards, and Metrics Recommendations" (with K.S. Buck, A.K. Gyekye, and M.S. Sullivan), MITRE Product #140508, August 2014.
23. "*fleet*Forecaster Revision and Production Run" (with R. Johnson and J.L. Stein) for FAA, April 2014.
24. "A Cost Model Evaluation for Centers for Medicare and Medicaid Services (CMS)" (with A. Goel, D.J. Harper, R. Kataria, H.W. Kaylor, and D.A. Warnecke), MITRE Product, July 2013.
25. "*fleet*Forecaster Revision and Production Run" (with R. Johnson and J.L. Stein) for FAA, July 2013.
26. "Airspace Strategic Planning: Demand, Trajectories, and Controller Impact of Novel Users" (with T.R. Abrahamsen, J.G. Foster, K.S. Lindsay, and S.C. Mohleji), July 2013.
27. "Independent Analysis of Alternatives of the Medicare Appeals System (MAS)" (with B. Girdher, S. Haghdan, J.E. Malloy, A.J. Ide, and J. McZara) for CMS, MITRE Product, March 2013.
28. "An Initial Study of Operational Performance Heterogeneity Issues for Airspace Design, Procedures, and Policy of the National Airspace System," for FAA, December 2012.
29. "Airspace Strategic Planning Initial Baseline Information: Issues and Discussion" (with D.E. Boone and S.C. Mohleji) for FAA, September 2012.
30. "Airspace Strategic Planning: Mid-Term and Far-Term Scenarios" (with D.E. Fulmer and S.C. Mohleji), July 2012.
31. "Supplement to the Terminal Area Forecast Modernization (TAF-M): International Passenger and General Aviation Forecasts" (with J.G. Foster, D.M. Hechtman, and S.H. Tsao) for FAA, MITRE Product #F05B-B12-36, September 2012.

32. “*fleet*Forecaster: Core Functionality Methodology and Validation” (with K.V. Hollinger and M.T. Rippey) for FAA, MITRE Product #110405, April 2012.
33. “*fleet*Forecaster System Description” (with P.K. Kapoor, C.D. Pappas, and G. Ramasami) for FAA, MITRE Product #110353, September 2011.
34. “*fleet*Forecaster Tool Requirements” (with K.V. Hollinger and C.D. Pappas) for FAA, MITRE Product #110352, September 2011.
35. “Hub Fitness Visualization and Analysis,” for FAA, April 2011.
36. “Security Integrated Tool Suite (SITS) Benefits Analysis” (with F. Moreno-Hines and M-P. Wang), March 2011.
37. “An Assessment of Tower Flight Data Manager Phase 1 (TFDM1) Operations and Capabilities” (with T. Colavito) for FAA, MITRE Technical Report #100291, August 2010.
38. “[A Foreign International Hub Airport] Fleet Equipage Forecast” for foreign sponsor, October 2009.
39. “Valuing Predictability in Aviation Operations” (with S.L. Martin and S.H. Tsao) for FAA, October 2009.
40. “A Comparison of Innovata Scheduled Reference Service (SRS) with the Official Airline Guide Worldwide Through Flight (OAGWTF) Schedule Data” for FAA, September 2009.
41. “Dynamic Modeling of the Multi-modal Transportation Network” (with A.J. Masaloni, L.A. Wojcik, L.F. Audenaerd, and S.H. Syeda), MITRE Sponsored Research, September 2009.
42. “An Analysis of the FAA APO Air Carrier Fleet Forecast” for FAA, July 2009.
43. “A Subcategorization of the Air Taxi User Category in FAA’s Operations Network (OPSNET)” (with F. Moreno-Hines), for FAA, June 2009.
44. “A Forecast of Itinerant General Aviation Operations Based on Terminal Area Forecast Historical Data” (with D. Bhadra) for FAA, MITRE Product #F66-B06-056, September 2008.
45. “New York Area Airport Delay Analysis” (with W.W. Cooper) September 2008.
46. “Cost and Revenue Alignment at FAA’s Service Delivery Points” (with D. Bhadra and F. Moreno-Hines), May 2008.
47. “Aviation Infrastructure and Multifactor Productivity” (with K.T. Harback), April 2008.

48. "Impact of United States-European Union (US-EU) Open Aviation Area Treaty on US Aviation: A Parametric Analysis with Simulation," for FAA, January 2008.
49. "Airline Consolidation: NAS Infrastructure Implications" (with F. Morser) for FAA, September 2007.
50. "Analysis of Cost at FAA's En Route Centers: An Empirical Perspective" (with D. Bhadra, D. Chin, and K.T. Harback) for FAA, MITRE Product #070190, August 2007, and *Journal of the Transportation Research Forum* 47:4, Fall 2008.
51. "Very Light Jet On-Demand Operator Market Analysis: A Passenger Itinerary Approach" for FAA, MITRE Technical Report #070151, July 2007.
52. "Impact Assessment of Restricting Flights from the Grand Canyon National Park Airspace" (with G.F. Marani, T.R. Abrahamsen, R. Bearer, and F. Moreno-Hines) for FAA, MITRE Technical Report #070059, March 2007, MITRE Technical Report #070059R1, rev. September 2007.
53. "Very Light Jet Operational Impact Analysis and Air Traffic Control Workload" for FAA, February 2007.
54. "*systemwide*Modeler for Traffic Flow Management Modernization," for FAA, September 2006.
55. "2006 Air Traffic Organization (ATO) Business Outlook," Federal Aviation Administration, July 2005.
56. "Economic Impact of Airport Closures," July 2005.
57. "An Evaluation of Future Routing Initiatives," July 2005.
58. "Safety Benefit Follow-up Documentation for Medium-Intensity Airport Weather System (MIAWS), and Safety Benefit Preliminary Analysis for Safe Flight 21," FAA technical document, May 2005.
59. "Independent Benefits Estimate for O'Hare Modernization Program" (with W. Rada), FAA technical document, April 2005.
60. "Shortfall Document for NAS Voice Switch Investment Analysis Readiness Decision" (with B. Baszczewski and D. Le), FAA technical document, January 2005.
61. "Empirical Analysis of Air Traffic Organization (ATO) Revenue Generation," January 2005.
62. "Benefits Basis of Estimate for Aviation Safety Knowledge Management Environment (ASKME)" (with B. Baszczewski), FAA technical document, December 2004.
63. "Empirical Analysis of Air Traffic Organization (ATO) Revenue Generation," November 2004.

64. "Effects of Terminal Facility Change on Air Traffic Controller Productivity," September 2004.
65. "2005 [1st] Air Traffic Organization (ATO) Business Plan," Federal Aviation Administration, July 2004.
66. "AwSim Quick Start Guide," February 2004.
67. "Standard Terminal Automation Replacement System (STARS) Phase II Benefits Analysis," May 2003.
68. "An Alternative to the Street Works Plan for Falls Church," December 2002.
69. "Risk vs. Uncertainty in Investment Analysis," November 2002.
70. "The Economics of Retail Gas Stations in Prince William County," Prince William County (VA) Citizens Advisory Committee, December 2001.

Working Papers and Papers in Progress

This section lists papers written as a graduate student in support of my dissertation.

1. "Location Experiments with Communication," VPI&SU Working Paper #E00-03, April 2000, current dissertation chapter.
2. "Location Experiments," VPI&SU Working Paper #E99-23, November 1999, my second job paper, and current dissertation chapter.
3. "Location Experiments: Preliminary Results," "3rd-year paper" for current dissertation, January 16, 1996.
4. "Zero-Intelligence Traders in an Oral Double Auction with Replacement," short paper in response to paper studied during the Experimental Economics Graduate Student Workshop, 1996.
5. "Location Theory with Tariffs," chapter of original theory dissertation, 1996.
6. "More Firms in Hotelling's 'Stability in Competition,'" chapter of original theory dissertation, and VPI&SU Working Paper #E95-50, December 1995.
7. "Spatial Competition with Incomplete Information," revision of original theory dissertation 3rd-year paper and chapter of original theory dissertation, my first job paper, and VPI&SU Working Paper #E95-49, November 1995.
8. "Spatial Competition with Multimodal Transportation Costs," 1992, an idea for a paper that was not included in my original theory dissertation.
9. "On Gabsewicz and Garella's 'Price Search and Spatial Competition,'" 3rd-year paper for original theory dissertation, February 1990.

Conference and Workshop Activities

Participant in the semi-annual business aviation forecast, Transportation Research Board of the National Academies (TRB) Annual Meetings and Mid-Year Meetings, Aviation Economics and Forecasting Committee (AV040), Washington, D.C.,

As a friend of the committee:

January 2025

June 2024

January 2024

June 2024

January 2023

As a member of the committee:

June 2022

January 2022 (virtual)

June 2021 (virtual)

January 2021 (virtual)

January 2020

June 2019

January 2019

June 2018

January 2018

June 2017

January 2017

June 2016

January 2016

May 2015

January 2015

Attendee of the TRB Annual Meetings:

January 2013

January 2012

January 2011

January 2009

January 2006

January 2005

Attendee, ASSA 134th Annual Meetings, virtual, January 2022.

Attendee, ASSA 133rd Annual Meetings, virtual, January 2021.

Speaker, Software and IT-CAST Joint Forum, Naval Center for Cost Analysis/National Geospatial Intelligence Agency (NGA), Crystal City, Va., August 2017.

Presenter, “Modeling the Influence of System and Application Complexity on the Cost of Cloud Hosting,” Military Operations Research Society (MORS) 85th Symposium, West Point, N.Y., June 2017.

Attendee, Aviation Forecast and Policy Summit, American Association of Airport Executives (AAAE), Washington, D.C., March 2013.

Delegate, 37th Annual FAA Aviation Forecast Conference, Washington, D.C., March 2012.

Delegate, 36th Annual FAA Aviation Forecast Conference, Washington, D.C., February 2011.

Participant, FAA/APO Network Evolution Workshop, Washington, D.C., February 2011.

Attendee, 14th Annual International Aviation Forecast Summit, Boyd Group International, Inc., Lexington, Ky., October 2009.

Delegate, 33rd Annual FAA Aviation Forecast Conference, Washington, D.C., March 2008.

Delegate, 32nd Annual FAA Aviation Forecast Conference, Washington, D.C., March 2007.

Presenter and Discussant, “Very Light Jet Operational Impact Analysis” National Center of Excellence for Aviation Operations Research (NEXTOR) National Airspace System Performance Workshop, Pacific Grove, Ca., March 2006.

Delegate, 31st Annual FAA Aviation Forecast Conference, Washington, D.C., February 2006.

Attendee, National Center of Excellence for Aviation Operations Research (NEXTOR) Research Seminar, Washington, D.C., January 2006.

Attendee, National Center of Excellence for Aviation Operations Research (NEXTOR) National Airspace System Infrastructure Management Conference, Washington, D.C., September 2005.

Delegate, 30th Annual FAA Aviation Forecast Conference, Washington, D.C., March 2005.

Attendee, 49th Annual ATCA Conference and Exposition, Air Traffic Control Association, Washington, D.C., October 2004.

Attendee, 1st Symposium on the Economic and Social Value of Air Transportation, NEXTOR-MIT, Dedham, Ma., April 2004.

Delegate, 29th Annual FAA Aviation Forecast Conference, Washington, D.C., March 2004.

Attendee, 48th Annual ATCA Conference and Exposition, Air Traffic Control Association, Washington, D.C., October 2003.

Attendee, Conference on Air Traffic Management and Control, National Center of Excellence for Aviation Operations Research (NEXTOR), Falls Church, Va., June 2003.

Delegate, 28th Annual FAA Aviation Forecast Conference, Washington, D.C., March 2003.

Attendee, ASSA 115th Annual Meetings, Washington, D.C., January 2003.

Attendee, Southern Economic Association 70th Annual Conference, Washington, D.C., October 2000.

Presenter, "Location Experiments with Communication" Economic Science Association Annual International Meetings, New York, N.Y., June 2000.

Presenter, "Location Experiments" Public Choice Society/Economic Science Association 37th Annual Meetings, Charleston, S.C., March 2000.

Attendee, Southern Economic Association 69th Annual Conference, New Orleans, La., November 1999.

Registrant, Conference on Classroom Experiments in the Teaching of Economics, Charles A. Holt and Sheryl Ball, co-organizers, University of Virginia, Thomas Jefferson Center for Political Economy, Charlottesville, Va., March 1997.

Attendee, Eastern Economic Association 23rd Annual Conference, Washington, D.C., March 1997.

Attendee, ASSA 108th Annual Meetings, San Francisco, Ca., January 1996.

Discussant, Economic Science Association (ESA) Mini-Conference at the Southern Economic Association Annual Meetings, Washington, D.C., November 1996.

2nd Annual Visiting Graduate Workshop, University of Arizona Economic Science Laboratory, Vernon Smith, Director, July - August 1996.

Discussant, Economic Science Association (ESA) Mini-Conference at the Southern Economic Association Annual Meetings, New Orleans, La., November 1995.

Attendee, ASSA 107th Annual Meetings, Washington D.C., January 1995.

Attendee, Southern Economic Association 64th Annual Conference, Lake Buena Vista, Fl., November 1994.

Attendee, Eastern Economic Association 19th Annual Conference, Washington, D.C., March 1993.

Service, Professional, and Other Activities

Economic, Business, and Investment Analysis (EBIA) Community of Practice (CoP) Co-Lead, The MITRE Corporation, January 2024 - June 2025.

Economic, Business, and Investment Analysis (EBIA) Community of Practice (CoP) MITRE Partnership Network (MPN) External Website Developer and Manager, The MITRE Corporation, January - December 2024. <https://ebia.mitre.org>

Economic, Business, and Investment Analysis (EBIA) Community of Practice (CoP) Organizer, Distinguished External Economist Speaker Series, The MITRE Corporation, 2021 - May 2024.

Economic, Business, and Investment Analysis (EBIA) Community of Practice (CoP) Economics Competency Co-Lead, The MITRE Corporation, 2022 - January 2024.

Economic, Business, and Investment Analysis (EBIA) Community of Practice (CoP) Economics Knowledge Steward, The MITRE Corporation, 2018 - 2022.

Conference Organizer, “Harnessing the Power of Economics to Solve Whole-of-Nation Challenges,” The MITRE Corporation, McLean, Va., September 2023.
<https://ebia.mitre.org/conference-harnessing-the-power-of-economics>

Conference Organizer, “Economics at MITRE” Technical Exchange Meeting (TEM), July 2022.

Member, Transportation Research Board of the National Academies (TRB), Light Commercial and General Aviation Committee, 2013 - 21.

Member, American Economic Association, 1991 - present.

Coordinator, Transportation Research Board (TRB), The MITRE Corporation, 2010 - 2013.

Member, National Economists Club, 2001 - 2002.

Referee, *Economic Inquiry*, October 2000.

Experimental Research Assistant, “The Human Face of Game Theory,” Catherine Eckel and Rick Wilson, authors, summer 1997.

Member, Southern Economic Association, 1995 - 1996.

VPI&SU Graduate Student Assembly (GSA) Economics Department Delegate, 1988 - 1992.

VPI&SU University Committee on Athletics, GSA Representative, 1988 - 1992.

Intellectual Property (IP) Disclosures

Investment Value Management Framework (IVMF), 2024.

Alternating Brightness Color Scale Schema, 2018.

*fleet*Forecaster, 2015.

Select Grants, Awards, and Honors

The MITRE Corporation, Breakthrough Award, Partnerships and Organizational Enablers (P&OE) Portfolio, December 2024.

The MITRE Corporation, Trailblazer Award, USSF Space Systems Command Portfolio Optimization Meta-Study, 2022.

The MITRE Corporation, Catalyst Award, Organizer and Host, Economics at MITRE Technical Exchange Meeting, 2022.

US Army Futures Command, Joint & Services Award, Vehicle Protection Suite (VPS) Study, 2021.

The MITRE Corporation, Catalyst Award, Technical Lead, Army NETCOM Performance Standards Benchmarking (PSB) Process Development, 2019.

The MITRE Corporation, Catalyst Award, Documenting the economic value of aeronautical telemetry (AMT) spectrum, 2019.

The MITRE Corporation, Director's Award, "Excellence that Counts," for exemplary support to the Army Private Cloud Enterprise (APCE) effort, 2016.

The MITRE Corporation, Director's Award, "People in Partnership," for exceptional contribution to the FAA *fleetForecaster* tool, 2016.

The MITRE Corporation, Director's Award, "Excellence that Counts," for exceptional support to the 7th SC(T) at Fort Gordon, GA, 2014.

The MITRE Corporation, Award for "Strategic Technical Outreach," 2013.

Federal Aviation Administration (FAA), Administrator's Award of Excellence, "in recognition of outstanding support in developing the first Air Traffic Organization (ATO) Business Plan, 2006.

National Science Foundation (NSF) Doctoral Dissertation Enhancement Grant, "Location

Experiments,” Faculty co-PI: Sheryl Ball, 1997 - 1999. Total award: \$10,579.

Grant for the development of a networked spreadsheet, Center for Excellence in Undergraduate Teaching, VPI&SU, 1997.

Summer project grant: developed experimental economics laboratory applications at existing college labs at VPI&SU, 1996.

Postgraduate Scholarship, Metropolitan Collegiate (Metro) Athletic Conference—an award for academic and athletic excellence that was given to a single student-athlete in the conference per year, 1988.

Volunteer Activities

Bike to Work Day McLean-MITRE Pit Stop Manager, 2019, 2020 (cancelled) and 2021. McLean-MITRE Pit stop volunteer 2022-24.

Assistant Track and Field Coach, Bishop Denis J. O’Connell High School, Arlington, Va. 2022 - present.

Assistant Track and Field Coach, Our Lady of Good Counsel Parish / St. Mark Parish, Northern Virginia Junior Catholic Youth Organization (NVJCYO), 2013 - present.

Administrator, Official, and Event Director, Potomac Valley Track Club, 2002 - present.

Vice President for Maintenance, Fairfax County Spring Lake Association, Inc. 2010 - 2013.

Assistant Track and Field Coach, James Madison High School, 2003 - 2008.

Assistant Track and Field Coach, Vienna Youth, Inc., 2002 - present.

Commissioner of Track and Field, Vienna Youth, Inc., 2003 - 2006.

Voluntary Assistant Track and Field Coach, The Catholic University of America, 2000 - 2001.

Voluntary Assistant Track and Field Coach, Florida Atlantic University, 1993 - 1995.

Voluntary Assistant Track and Field Coach, Virginia Tech, 1988 - 1992, 1995 - 2000.

Rebuilding Together, “Christmas in April,” 2003 - 2005.

Clearances, Fitnesses, and Suitabilities

As of June 2025:

Clearance: DoD Secret

Controlled Access: NATO Secret

FAA Final Moderate (MBI)

DHS IA–EOD Granted Secret and S&T–EOD Granted IT Medium (5C)

IRS Interim Moderate (MBI)

Dept. of State

HHS: OS and NIH/NIA

DoD: Army NETCOM, Army AFC, Army CIO-G6, F-35 JPO, USSF.
